Each year St. John's University engages in a comprehensive benefit review and premium negotiation process for the Student Health Insurance Plan. **After much review and analysis, the plan will continue with Aetna for the 2025-2026 policy year.**

ELIGIBILITY

Domestic Students Living OFF Campus - All registered undergraduate and graduate students actively attending classes are eligible to enroll in the Student Health Insurance Plan. Eligible domestic students living off campus will not be assessed the insurance charge on their student account. These students are eligible to enroll voluntarily on-line by submitting the online voluntary student enrollment form by the posted deadline. Internet classes and television (TV) courses do not fulfill the eligibility requirements that the covered student actively attends classes. Students taking only on-line classes are not eligible for school insurance. The University will determine eligibility based on your registration status.
